

CAPABILITIES STATEMENT

DESIGN & CONSTRUCTION

has a history of providing clients with a wide range of design and construction administration services. Founded in 2004 offering structural engineering services, GMHILL has grown into a design-build firm

offering full multi-discipline design, construction and construction administrative services. GMHILL is among the relatively few A/E's that are experienced as the bonded, at risk Prime for design-build on major construction projects.

Both our design and construction staff have a proven track record working with, Federal agencies, colleges, universities, school districts and other state and public/private sector clients. Our driving criteria is to be technically correct, remain objective and focused, plan and implement resources in a timely fashion and implement correct strategies. We have a record of successful performance on DOD and Federal projects that is well documented and an ability to provide constructibility of design, accurate cost controls, and quality work along with strict schedule adherence.

GMH Federal project portfolio includes design-build, engineering, architecture, construction and construction services for projects along the east coast, throughout Florida and along the Gulf Coast States.

Construction

- Design-Build Construction
- Construction Management Services
- Roofing Systems & Restoration
- Facility and Marine Renovation & Repair
- Interior Upgrades & Repair
- New Building Construction
- Lighting & HVAC Upgrades
- Lightning Protection
- Fire & Alarm Systems
- Heavy Civil Construction
- Hurricane Repairs
- Historical Renovation|Repair

Design

Architecture: Multidisciplinary Project Leadership/Management, Master Planning & Sub Area Development Planning, Preparation of project definition and programming documents, Charrette, Concept Development Workshops

Structural Engineering: Design, Analysis, Studies, Investigations & Evaluations

Architecture & Engineering: New Construction, Renovation & Repair, Building Envelopes, Upgrades, Repair of Interior/Exterior, Emergency Design Construction Phase Services EED Certification

Building Type Experience

- Community Support
- Mission-Critical Military Projects
- Manufacturing Headquarters
- Land-Side And Air-Side Aviation Facilities
- Warehouses
- Maintenance Facilities
- Operations Control Centers
- Laboratories & Clean Rooms
- Training Facilities
- Emergency Operation
- Educational & Child Development
- Gunnery
- Fire Stations
- Parking Garages
- Wastewater Treatment
- Intermodal
